k. Description of Request: The licensee filed a revised recreation plan in response to a Commission staff request following an inspection which found that several sites on the approved recreation plan were either closed to the public or received little to no public recreational use. The proposed revised plan would close the fishing access areas at the Inskip Powerhouse and Coleman Forebay. To offset these closures, the licensee proposes to improve a fishing access area at the North Battle Creek Reservoir and create a new fishing access area on the Cross Country Canal off of Rock Creek Road. Aside from these revisions and deletion of extraneous or outdated information, other aspects of the current recreation plan would remain the same.
